

REMARKS**STATUS OF THE CLAIMS**

Claims 1-83 were pending in the application. Claims 79-82 were withdrawn by the Office as being drawn to a non-elected invention. Applicants have canceled claims 79-82 in this response. Applicants have also canceled claims 3-6, 9-16, and 20-78 in this response to expedite prosecution. Claims 1, 2, and 83 have been amended. New claims 84-86 have been presented. Claims 1, 2, 7-8, 17-19, and 83-86 would be pending in the application if the instant amendment is entered.

I. OBJECTION TO NON-ELECTED SUBJECT MATTER

The Office Action stated that claims 1-78 were objected to as containing non-elected subject matter.

Applicants have amended claims 1, 2, and 83 to conform the claims to the elected

subject matter where C is aryl, W₂ is a single O or S, A is $\text{--} \begin{array}{c} \text{N} \\ | \\ \text{C}=\text{O} \\ | \\ \text{O} \end{array} \text{--}$, R₁ is as defined, and B is an optionally substituted heterocycle. Applicants respectfully request that this objection be withdrawn.

II. NON-STATUTORY DOUBLE PATENTING REJECTION

The Office Action stated that claims 1-78 and 83 were rejected for non-statutory obviousness-type double patenting over claims 1-25 of US Patent No. 6,919,329 ("the '329 patent").

Applicants respectfully request that the non-statutory obviousness-type double patenting rejection be withdrawn in view of the terminal disclaimer submitted herewith over the '329 patent.
